

MAKE IT STICK

5 Simple Ways You Can Make This Lesson Stick With Your Kids

THIS WEEK'S LESSON: HEX NUTS

IN THE CAR:

Ask your child what they learned about this week on the drive home:

Today we learned how to stack hex nuts on the edge of a glass. It's a seemingly impossible trick made possible by magnets. In real life, it is Jesus who makes all things possible, even the things we believe are impossible. Matthew 14:22-36, Jesus Walks On Water

HANGING OUT:

Make this week's lesson real:

Have a contest this week, and look for some amazing things that once would have seemed impossible. Are there any things in your family's life that you thought were impossible, but were made possible by God?

AT DINNER:

Here are some great discussion starters:

- How did Jesus get to the boat out in the storm?
- How was Peter able to walk on water?
- What does Peter's story tell us about preparing to let God do the impossible in our lives?

AT BEDTIME:

Quiz your child on this week's memory verse:

"He performs wonders that cannot be fathomed, miracles that cannot be counted."

- Job 5:9 (NIV)

PARENT TIME:

What you need to know:

Do you believe in miracles? Have you seen God do the impossible? Ask God to enlarge your faith and the faith of your kids, and open your eyes to see the miracles God can do.
