Deep gratitude to our friends and brothers and sisters of the Calvary Christian Reformed Church for their prayers and support the ministry of Harvest in Honduras. ***Blessed are those who are persecuted for righteousness' sake, for theirs is the kingdom of heaven.*** (Matthew 5.10).

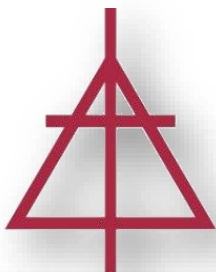

Dear Calvary Friends. It was so wonderful to see you again and to share what is happening in Honduras. It is our honour to partner with Calvary CRC to train and equipment local church leaders in Honduras. We appreciate so much this wonderful opportunity to serve our God thanks to you, dear brothers and sisters. You are always in our hearts and prayers. Yours in Christ, Ramiro and Waleska Carbajal. Thank you again for all your love and prayers for our ministry.

Continue with the Leadership training in south area - developing 4 all-terrain team

Another leadership training in integral mission with the participation of 3 churches and community leaders from the southern area, Piedra de Agua, Los Llanitos, and El Porton. 30 participants and they learned : " community leaders also updated and evaluated their community development plans" and " THE ROLE OF THE CHURCH IN SOCIETY “

Overview Statement God's grand agenda is the reconciliation and restoration of all things that were broken in the Fall. This agenda will not be completed until the return of Christ; however, until that time God has established the church as the primary instrument for the administration of that agenda on earth.

Main Ideas:

1. God loved ALL of His creation, called it good, and then reaffirmed His love with a covenant to ALL creation – including nature, individuals, and nations.
2. The redemption of ALL that was broken in the Fall has been completed by the shed blood of Christ, but restoration is an ongoing process that will be completed when Christ returns as King.
3. The church is God's chosen, primary vehicle for the administration of this reconciliation and restoration of ALL things – until the return of Christ.
4. The end task of ALL leadership gifts in the Church is to equip believers for works of loving service.

Outcomes:

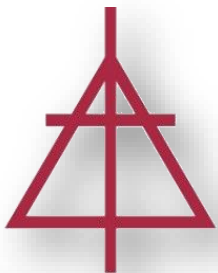

1. Now: a. To grasp and express the main ideas of the lesson in their own words. b. To plan and carry out one new step in their personal life as a response to this lesson through a practical act of loving service.
2. Beyond: a. To recognize which aspects of God's cosmic agenda they are not currently advancing, repent, and commit to advance His whole agenda from what has been learned. b. To work as a leader to equip other believers for loving service participating in God's agenda to reconcile and restore ALL things.

Continue with the Leadership training in south area - developing 4 all-terrain team

We thank God for another leadership training participation of the churches and communities of Piedra de Agua, Los Llanitos and El Porton. We also share a new Lesson; "The Wheel of Wisdom":

Overview Statement: Biblical wisdom is God's instructions for living. We achieve the blessed, balanced life God intended when we carefully follow His instructions for all areas of life. There are three primary relationships – spiritual, physical and social – out of which all other relationships come. Knowing and applying biblical wisdom in each of these relationships will move us toward God's intentions for our life.

Main Ideas:

1. At creation God gave us three primary relationships – God/spiritual, creation/physical and people/social.
2. God gives us specific instructions for each of these relationships. These scriptural instructions are known as biblical wisdom.
3. Blessing and balance in life come from fulfilling God's instructions in all relationships.
4. We move steadily toward God's intentions when we are in balance in our lives.
5. Neglecting God's instructions brings destruction and imbalance in one or more of our relationships.

Outcomes:

1. Now: a. To grasp and express the main ideas of the lesson in their own words. b. To plan and carry out one new step in response to a main idea of this lesson bringing balance and wisdom in all relationships.
2. Beyond: a. To recognize the need for balance in all our relationships, identify undeveloped areas and intentionally work to build those areas. b. To work as a leader to inform, encourage and equip other believers to develop wisdom and balance in each of these primary relationships.

Key Verse: Psalm 111:10

A. Who is the source of wisdom?

B. People who follow God's commands have "good understanding". What do you think they understand?

C. In which areas of life should we follow God's instructions? How could His wisdom influence our actions, relationships, and decisions?

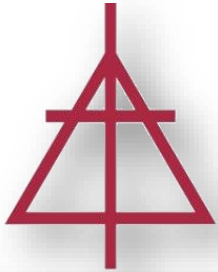

We thank all our friends for their prayers and support. God bless their lives even more!

Seed Project " Repellent for children "

another wonderful seed project carried out by the church of Los Llanitos to demonstrate God's love in a practical way. The church moved to help the neediest children in the school to repel them. Many of these children's parents have no resources to buy repellent. The problem with the disease transmitted by mosquitoes has affected many Hondurans, many children have died in the country, that is why the church moved to reduce the risk of contracting Dengue. God be glorified by Leadership training continues to bear fruit. And also thanks to our dear friends from Calvary Christian Reformed Church for their prayers, love, and support for our ministry.

Another seed project:

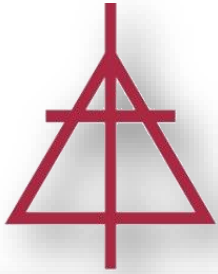

Praise God! another seed project in the community of El Porton; roof construction for sister Rafaela.

Another wonderful seed project in the community of Piedra de Agua. The Church celebrated the children's day to the children of the community, pinatas, sweets, food, and games. They had a great time, the church sowing God's love in the lives of children. God be praised. Thank God for another fruit of Leadership training in this community. and also thanks to our dear friends from Calvary Christian Reformed Church for their prayers, love, and support for our ministry.
