

Study Leave/Continuing Education Report Form

We as a presbytery have long shared the PC(USA)'s commitment to an educated clergy, and to regular refreshment, expansion, and new challenges to each clergyperson's education. For these reasons we have required that churches provide continuing Education time and funding for local church clergy and CRE's.

By the same token, we share with sessions a message of accountability for proper use of that time and funding. Therefore, we invite you to record here your response to the three questions below. Presbytery will publish our clergy's varied Continuing Ed pursuits, and that list may very well spark ideas for your further studies as well.

Please sign your completed report and please see that the Clerk of Session reviews, and signs as well.
