Testimonials

"She doesn't just teach them about the letter Vv. They study Mount Vesuvius, and then they do a science experiment to make the volcano Vesuvius erupt!" (Teaching colleague)

"The enthusiasm and genuine love-of-learning that you exude has made a deep and lasting impression upon my Adrienne and most probably every student you have ever taught." (Middle school parent)

"She is a leader on our campus. Her dedication, caring attitude, and excellent classroom instruction make her one of the elite teachers at Coosada Elementary School." (Administrator)

"You certainly went above and beyond when delivering the curriculum to your students, but more importantly, you went above and beyond loving your students." (Former student, now a parent)

**It's time for a new
("old-school")
kind of
Kindergarten
for K-5's in the
River Region!**

Mrs. Danna Beale—Teacher

*24 years of public school teaching experience (K–decade, 1, 2, 3, 4, 5, 6, 7-8 ESL, and gifted) in Alabama and Kentucky

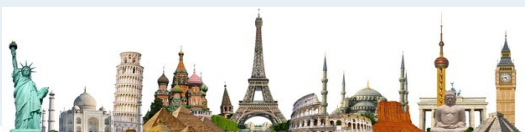

*Bilingual, internationally-traveled with a passion for bringing the world “up close and personal” for young learners

*Missional mindset: heart, hands, and head geared for leaving the world better than we found it, equipping students to find ways to do the same

*Passionate for thematic teaching and integrated, hands-on exploration of advanced curriculum through developmentally-appropriate student-centered activities

*Avid reader, gardener, researcher, trip planner, arts-loving, idea-generating, people-connecting lifelong learner

*Happily married for 32 years to Rev. Dr. Michael Beale, pastor of WellSpring Community Church, with two wonderful world-passionate children, Anna Caroline (25) and John Michael (21)

Vision Statement

Our desire is to help parents cultivate in their children an enduring love of learning, a commitment to serve others, and a dedication to the pursuit of truth, goodness, and beauty, forged from Biblical Christianity. We aim to equip virtuous scholars to think clearly, listen carefully, discern wisely, reason persuasively, and articulate precisely—all with an eagerness to glorify God and enjoy Him forever.

Philosophy of Kindergarten

*Kindergarten (“children’s garden” in German) should address the physical, emotional, mental, relational, social, and spiritual needs of every individual personally as well as collectively as a team.

*In any classroom, but especially in the Kindergarten environment, children should thirst for more, bursting with passion to share the day’s discoveries with anyone who will listen.

*OasisK embraces the garden metaphor: all sprouts need soil (basic foundation of facts/processes/application), air (freedom to move, grow, explore, especially topics of special interest to learners), rain (constructive guidance that brings loving structure and stretching opportunities), and sunshine (plenty of love and praise, encouragement to risk and become world-changers for the better...in a time when our society seeks to reconnect beyond a screen).

*We believe in returning to the way “Kindergarten used to be”—organic, community-based, family-strengthening, multifaceted, and purpose-driven.

OasisK Snapshot

*Literacy: reading/writing/listening/speaking

*Math: computation and application

*Social science interwoven with Scripture, designed to flow with an August-May calendar of events

*Art, music, cooking, gardening, free exploration, physical education, Spanish, field trips, mission partnerships, character/Patriotic education, daily Chapel, and more

*Teacher-designed, best-practices-embedded, Christ-centered advanced curriculum geared toward age-appropriate state mastery standards
