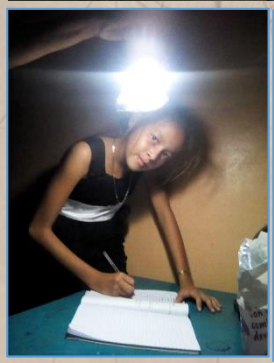
Harvest Honduras Ministry

March 2019

CALVARY CHRISTIAN REFORMED CHURCH

Deep gratitude to our friends and brothers and sisters of the Calvary Christian Reformed Church for their prayers and support the ministry of Harvest in Honduras. **Jesus said to her, "I am the resurrection and the life. Those who believe in me will live, even though they die; and all those who live and believe in me will never die. Do you believe this?"** (Jn 11.25-26).



Visit to La Barranquilla community!

When I went to visit La Barranquilla community and again a lot of blessings to be there. I visited the church and the basic school too. amazing school in the middle of a community with so much need. In my visit to this amazing school to see the children and the teachers work, the teacher Tirsa requested me to talk a little reflection to the one of the students class. And I did share a little reflection about the "superheroes" and I asked them for who is their favorite superhero? And one of the little boys said Superman and other Batman and Moises the son of Juan-Jury said God and then most of the class answered the same " their superheroes was "God". That surprise to me because that was about of my reflection was, I confirmed them that the best and real superhero is Jesus who gave his life for us. And in the end, we pray for the dreams of the students and for their needs. It was an amazing time with them.

And in my return in the road, I was thinking that we need to work more with the children to prepare them to the life, to fight again the lie of the world vision and prepare them the Jesus character a Bible world vision at home, in the church, and at the school too. So please pray for the opportunity to encourage the teachers of the school to teach at the light of the values of the kingdom of God.

Teach your children right from wrong, and when they are grown they will still do right. (Pr 22.6).

We need to sow the word of God and their values in the life of our children's. We need to sow in the new generations and fight for them, sow the Christians of tomorrow! and for another hand, the children and teachers remember me to pray for the urgent latrines that 180 students need!

And it is important to mention that this amazing community continues fighting for their development, the leaders management one amazing project with some local ministry who is working to help the children who they can not finish the school to teach them some occupation studies, saddlery and carpentry, and others. Our God is good!

Amazing Solar lamps projects blessed more families in the community of La Barranquilla and El Coyol:

The pastor Apolonio shared 30 solar lapms in La Barranquilla and 20 solar lamps was shared in El Coyol community. Thank God for more families blessed with solar lamps. Thank you Carpenteros friends for this great blessing, God bless their lives even more!

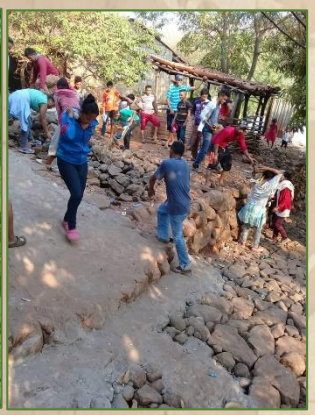
CALVARY CHRISTIAN REFORMED CHURCH

Deep gratitude to our friends and brothers and sisters of the Calvary Christian Reformed Church for their prayers and support the ministry of Harvest in Honduras. **Jesus said to her, "I am the resurrection and the life. Those who believe in me will live, even though they die; and all those who live and believe in me will never die. Do you believe this?"** (Jn 11.25-26).



Praises & Prayes

- Thank you so much dear friends for your support for Sharon 'surgery, our God blessings to you more and more!
- And please pray for the churches in Honduras, we need to strengthen discipleship, change the enemy's lie culture for a worldview of the kingdom of God, a biblical worldview!

other activities of Food for Work Program by WR-CFGB and Second successful food delivery to 375 families benefited

Another activity was to assign a community social work that goes in line with healthy eating, hygiene, nutrition and resilience. This means that some beneficiaries visit the families of their communities to verify that the latrines and water storage tanks are clean, in addition to teaching them to wash their hands thoroughly before taking food. It is useless for families to receive food if they consume it in an unhealthy way because we would not be supporting them in nutrition. Attached form, we hope to reach most families at the end of the project.

• And in the community of El Porton they work in the construction of a stone path, a great social work of the community for the project of food for work! thanks to WR-CFGB

Second successful food delivery to 375 families benefited from 4 communities of the Food for Work Program sponsored by WR-CFGB. Thank God, families received their second ration of food without any inconvenience, all 375 families are very satisfied by this great help and by the quality of the food. Again, our thanks to the entire WR team and donors and all the volunteers of the 4 communities, to each pastor, their church and leaders and to each organized committee and also to our coordinator in the south zone, to Pastor Rolando Ordonez. Glory to God. In addition, the beneficiary families carried out their work of cleaning up their communities, cemeteries, educational centers and others in Los Llanitos, El Porton, La Joyada and Piedra de Agua.

It is also important to mention that we started a house-to-house job in motivating and following up on cleaning the water storage tanks, latrines and houses of the beneficiary families, this also as part of the work for food. Our goal is also to make an impact on the reduction of diseases transmitted by mosquitoes and improve the health of homes to reduce stomach diseases as well.

Above all, the 375 beneficiary families of the 4 communities continue to share with more families in need, these communities put into practice the mathematics of the kingdom, where by putting resources in the hands of God everything multiplies until it overflows. Glory to God!

Los Llanitos training!

In our visit to the 4 churches in Marcovia, Los Llanitos, La Joyada, Piedra de Agua and El Portón , we had the opportunity to continue with the development program by WR program and this time to train them with nutrition- resilient and bible world view. it was a lot of blessings to be there again working with the amazing leadership of these communities. We need to work hard with the new generations. These 4 churches are doing an excellent job with the children and young people, their churches are growing a lot, now we must reflect a lot on a true transformation of the believers, become true followers of Christ Jesus! And we appreciate to Calvary Christian Reformed Church and World Renew, and Carpenteros & Friends for their love, prayers, and support for our ministry in Honduras. Thank you so much!
