EPISTLE of JAMES ¶

A Biblical How-To for
Authentic Christian Living ¶

Bible study workbook ¶

M. Lynne Bennett ¶

Ladies ages 18 to 100 are welcome to join me this winter for a challenging study in God's Word!

This 8-lesson Bible study will not only help you understand God's teachings in the book of James, but also teach you how to study the Scriptures systematically. This study will provide you the means to discern the true meaning of most any Bible passage and will serve to root Scripture deep within your heart. It will also help you to comprehend specifically what God wants you to learn at this time and to identify the truths that He wants you to apply in your life.

Be assured that you do **not** have to be a Bible study leader or scholar to learn and effectively apply a systematic Bible study method. **Everyone** can benefit greatly by using a methodical approach to analyze Scripture in order to more fully comprehend, know, and love our God and His gospel message.

Please let me know by **January 17** if you plan to attend, so that I can get a workbook to you in plenty of time for you to prepare for the first class. The class will remain open, but it will be difficult to start the study after the 3rd class.
