

COURSE SYLLABUS: EXPLORATION OF PRAISE AND WORSHIP

Instructor: Angelica Lorenzo

Textbook: "Holy Roar" by Chris Tomlin and Darren Whitehead

Synopsis:

The act of worship is so much more than standing in a Church on a Sunday and singing a song. Worship is what we were created for, and it's all about His presence.

Worshipping God means so much more and during this course we will break down and explore the 7 Hebrew words describing worship and their definitions through Scripture.

We will also cover the importance of worship and praise and how to apply and use it in your church along with the role of being a worship leader and all that entails. We will take time to explore and break down each topic as well as practice activating them in our everyday lives as worshippers.
