

WELCOME TO MULTIPLY!

Multiply is all about making disciples who grow disciples. It was created to fit perfectly within the Deep Discipleship system (8 roots of discipleship), yet is great as a stand alone 16+ weeks of content as well.

Each *Multiply* lesson uses Bible study, discussion questions, experiential activities and specific life application questions to help student become more rooted in their faith.

What's unique about *Multiply* is that each lesson also includes a "Multiply It" statement, life example, and discussion questions that help students learn how to live out each discipleship principle in a way that impacts others for God's kingdom.

What's Included?

- 16 Lessons
- 16 Bonus Sermons (if your groups meets in more than one context)
- Parent Guides
- Media & Graphics
- Video Training

Recommended Structure:

Each "root" has a Sample Schedule that will show you an easy-to-use order and structure. The roots can be done in any order, however we recommend starting with the *Rescue* root.

Many youth ministries meet in several different contexts (i.e. Sunday School and a Youth Group night). That's why we've included 16 Bonus Sermon Outlines for you to use in addition to the 16 core lessons. Each bonus sermon compliments the lesson without repeating it, and also includes optional illustrations or object lessons.

We Exist To Help You!

At LeaderTreks, we exist to partner with youth workers to make disciples and develop leaders. We want *Multiply* to be a great tool for you and your students, so give us a call if you have any questions. We are all about serving you!
