PRAYING FOR MISSIONARIES JAMIE AND JOIE

Our time in the US has been good. Noah has done very well at university and has found a church home to attend whilst attending college. He has been able to get a job with the university helping with the athletic department's social media marketing. Over the Christmas break he has also been able to find work at a local store. He will be returning to university in about 2 ½ weeks. Please pray for him as he prepares to return to his studies. Even though he attends a "Christian" university, he has yet to find any close solid Christian friends. Please pray for him to find 2-3 other students who are strong in their faith and to make close and lasting friendships with them. Pray for him as he continues his studies; to use his time wisely and to make good grades. He made the Dean's List the first semester! Most of all, pray for him to grow in his faith and to be steadfast in his walk with the Lord.

We were hoping to return to the UK sometime at the end of January or the beginning of February. We just received word from our medical department that due to COVID they do not "recommend" that we return at this moment. What that means for us is that we need to have talks with our field leadership as to what the next steps need to be for when we should return. Please pray for all involved in the decision of when we are to return to have wisdom. Please also pray for us as we prepare to leave Noah in the US. This will be extremely difficult for us, much harder than when we first went overseas some 18 years ago with him as a 9-month old. In all of this we are trusting in the Lord's goodness and provision.

Ministry opportunities continue. Please pray for the scripture distribution and outreach projects to bear eternal fruit. The translation of a children's Bible storybook is finished. Please pray for the final editing and the artwork that needs to accompany the Bible storybook. Work on a youth study Bible will begin shortly. Please pray that these projects will be successfully completed in a timely manner and for them to be of great benefit to the underground church. COVID continues to make planning difficult for the spring distribution project. We are moving forward for a scaled back distribution project. In addition to the spring distribution, there will also be summer distribution projects and trainings we are planning. Please pray that we will have wisdom in planning each of these events; please pray that they will result in the Gospel being proclaimed and disciples trained and strengthened.
