Why Frankfurt?

A GREATER EUROPE MISSION FOCUS CITY

What would it mean for a city if we saw disciples of Jesus multiplying throughout it and starting communities that did the same? A Focus City concentrates ministry on an entire city by working with local church leaders and ministry organizations, and by saturating an area with missionaries, who teach the gospel, disciple believers and train believers to make disciples. A Focus City then becomes a 'bounce' city, launching teams to other cities. The vision of a Focus City sees the region filled with a "new normal" for Christ followers. The DNA of that new normal is one that makes and multiplies disciples of Jesus so that entire populations know and experience life in God's kingdom today. These disciples are so familiar with God and His Word they naturally extend the lifestyle to others. They can't help but share their excitement and love for Him, thus fulfilling the Great Commission. "Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit." Matthew 28:19

Prayer

Ask God to flood Frankfurt with believers.

Ask God to prepare our family spiritually, emotionally, and physically for the transition to Frankfurt.

Ask God to prepare the hearts of those in Frankfurt to receive Him.

Thank God for our faithful ministry partners.

Core Principles of a Focus City

WHAT DOES IT TAKE?

- IMMERSING in prayer to witness God's Kingdom extend throughout entire cities by multiplying trained disciple-makers.
- NETWORKING with like-minded local leaders and churches who desire to see their city transformed.
- TRAINING RESPONSIVENESS to God through obedience to His Word and Spirit.
- An EMBRACING OUTREACH to entire metropolitan areas, including every ethnic population within them.
- A REPRODUCING process that (super)naturally leads to multiplication of disciples and churches.
- CONTINUALLY EVALUATING from breakthrough to church planting.
- INTENTIONALLY SENDING experienced and well-trained discipleship strategy teams to other cities and ethnic populations throughout Europe.

What would
happen if we
choose to
reach a city
rather than
plant a
church?
